Short Course: AutoCAD 2D & 3D Essentials

Duration: 30 hours [In-person]

10 Weekdays - 4 pm to 7 pm - 28 Oct to 25 Nov 2026

Rs 22,000* per participant

MQA Approved

*** Includes Training pack and Refreshments**

'AutoCAD 2D & 3D Essentials' is a complete course in AutoCAD, offering a structured learning path for participants to gain proficiency in 2D drafting and 3D Modelling using this powerful computer-aided design (CAD) software. AutoCAD skills are the foundation of rewarding careers in large, growing industries such as architecture, construction, engineering, and interior design. This training also supports entry-level roles in these sectors.

OBJECTIVES

- Understand the fundamental concepts and features of AutoCAD
- Acquire the essential knowledge and core skills in the area of 2D Computer Aided Drafting
- Learn 3D modeling and visualization

WHO SHOULD ATTEND?

Drafters (To create technical drawings and plans); Interior designers for accurate creation and manipulation of spaces; Architects needing proficiency in digital design tools; Engineers involved in disciplines such as civil, mechanical and electrical engineering; Professionals in the construction industry for planning and designing; Any individual interested in learning AutoCAD.

HOW WILL YOU LEARN?

Hands-on and Practical: You will be taught the necessary theory and step-by-step techniques, which you will then practice on a computer running AutoCAD. Quiz and Mini-projects.

PREREQUISITES

Good working knowledge of Windows. No prior CAD knowledge is necessary.

CERTIFICATE

Upon successful completion of the AutoCAD 2D & 3D Essentials training course, each participant will receive a Certificate of Attendance.

Application Deadline:
23 Oct 2026

LIMITED SEATS
