1. ADMISSION PROCEDURES

1.1 Introduction

1. Application for MPhil, MPhil/PhD and PhD programmes will be open throughout the year.

Applicants for admission for a Master of Philosophy (MPhil) or MPhil/PhD or Doctor of Philosophy (PhD) degree programme need to send their application form together with an outlined research proposal to the Admissions’ Office (consult the “Guidelines for research proposals by prospective applicants for postgraduate research studies”).

Prior to the submission of applications to the Admissions’ Office, prospective MPhil, MPhil/PhD and PhD applicants may opt to pre-register for the MPhil, MPhil/PhD and PhD Programmes by submitting a pre-registration form online to the Admissions’ Office through the potential Supervisor(s). The Pre-registration period is up to two (2) months.

During the pre-registration period, the candidate will be given access to the UoM Library and to online databases such as Science Direct and Emerald and will have to regularly meet his/her Supervisor(s), so as to prepare a proper MPhil/PhD Proposal (Consult the “Guidelines for research proposals by prospective applicants for postgraduate research studies”).

Research themes and research interests of staff (from the Faculties, Centres, and Affiliated Institutions) are available on the University of Mauritius website.

The University will post an updated list of scholarships and sources of funds for research. Applicants should contact academics/research staff before finalising their research proposal.

The research proposal must include a Gantt’s chart of activities to be undertaken.

2. Prospective MPhil, MPhil/PhD and PhD students would:

(a) Register (at any time) for MPhil or MPhil/PhD or PhD when Teaching and Research Committee would approve the research proposals.

(b) Students who had secured research grants through their Supervisors would register for MPhil or MPhil/PhD or PhD when Teaching and Research Committee would approve the research proposals.

(c) The time lapse between the submission of research proposals and their approval by Teaching and Research Committee, should normally not exceed two (2) months.

1.2 MPhil Degree

An MPhil award will be made upon successful completion of substantial element of research. For the award of the MPhil degree, a student needs to demonstrate:

(a) The ability to critically review existing literature and current research at the forefront of the discipline;

(b) A thorough understanding of the problem under investigation and of the techniques required to create and interpret knowledge in the field of study;

(c) Originality in the application of knowledge, and/or new insights to the research problem.
1.3 PhD Degree

For the award of the PhD degree, a student needs to demonstrate:

(a) A thorough understanding of the field of study and of applicable techniques for research and advanced academic enquiry;
(b) The ability to conceptualise, design and implement a research project for the generation of new knowledge and understanding at the forefront of the discipline;
(c) The ability to create and interpret new knowledge through original research.

1.4 Pre-Registration and Application to MPhil, MPhil/PhD and PhD Programmes

1.4.1 Factors to be considered for pre-registration

The University will consider the qualifications and suitability of the applicant whilst processing the request for pre-registration.

1.4.2 Factors to be considered for application

The University will consider the following factors whilst processing the application for a research programme:

(a) Qualifications and suitability of the applicant
(b) Appropriateness of the research proposal
   (i) Originality/innovativeness
   (ii) Clear Statement of the problem to be addressed
   (iii) Review of the state of the art
   (iv) Well defined objectives and plan of work
   (v) Methodology
(c) Availability of resources and facilities (supervisory, funding (where and if relevant) and others);
(d) The feasibility of the project in the proposed timeframe.

1.5 Selection Criteria

1. Entry Requirements

(a) Admission to MPhil Programmes
   An MPhil student should possess at least a Second Class Honours degree in the relevant field or equivalent;

(b) Admission to MPhil/PhD Programmes
   An MPhil/PhD student should possess at least a Second Class Honours degree in the relevant field or equivalent; and

(c) Admission to PhD Programmes
   There are two (2) categories of candidates for admission:
      (i) Students who are already registered for an MPhil programme at the University of Mauritius may request an upgrade.
      (ii) Students may already have an MPhil research degree or equivalent in the relevant field.
2. **References:** Candidates will have to provide two academic references along with their application forms. All referees must fill in RDRF form.

3. **Language Proficiency for International Students:** Candidates may be asked to provide evidence of language proficiency in English or French or another language, as applicable.

### 1.6 Processing of Applications

The processing of application for MPhil, MPhil/PhD and PhD programmes is outlined in a flowchart (see Annex 1A).

The Registrar’s office will advertise for applications for MPhil, MPhil/PhD and PhD programmes.

All applications must be channelled to the Doctoral School through the University Admissions’ Office.

### 1.7 Pre-registration / Registration Period

#### 1.7.1 Pre-registration Period

On receipt of the recommendation from the Doctoral School, the Registrar will send the applicant a formal letter of Pre-registration within one (1) week of receipt of the recommendation.

The student should pre-register **within two (2) weeks** upon receipt of the letter from the Registrar. Should a student be unable to pre-register by such a date, he/she should notify the Registrar accordingly, giving reasons for postponement of pre-registration. No request for postponement exceeding one (1) month will normally be considered.

#### 1.7.2 Registration Period

On receipt of the approval from Teaching and Research Committee, Doctoral School will inform the Registrar who will send the applicant a formal letter of acceptance for registration (either full or conditional), giving relevant details such as name of degree, subject area, name of supervisor(s), minimum research period and date of commencement.

The student should register **within 3 weeks** upon receipt of the letter from the Registrar. Should a student be unable to register by such a date, he/she should notify the Registrar accordingly, giving reasons for postponement of registration. No request for postponement exceeding three months will normally be considered.

A student can submit exceptionally his/her MPhil Transfer Report / MPhil and PhD thesis up to six months before the prescribed deadline upon the approval of Supervisor(s). In case the latter does not give its approval, the student can make an appeal to FRC/CILLRC.

1.7.4 Transfer Report Processing Time

The period between submission of an MPhil Transfer Report Teaching and Research Committee’s approval of the upgrading to PhD will be counted as part of the study period.

Normal fees will be claimed from the student as s/he is supposed to carry on with the work even after submission of the MPhil Transfer Report; there is another provision for ‘ Interruption of Studies’ as per Section 1.7.4 of the existing regulations.

1.7.5 Extension

(i) A student may be granted on valid grounds an extension to submit the MPhil Transfer Report/ MPhil and PhD thesis beyond the due completion date of the programme – but not exceeding one year;

(ii) A monthly fee (pro-rata) will normally be payable for any extension that is granted by the University beyond the due completion date of the programme;

(iii) The student needs to make a formal request to the Dean of Faculty/Director of Centre; the request for an extension of 3 months will be dealt at the level of FRC/CILLRC and Faculty Board/CILL Board. An extension exceeding 3 months must be approved by Teaching and Research Committee and Senate informed;
(iv) **In exceptional circumstances only**, further periods of extension of the thesis submission (not MPhil Transfer Report) deadline may be sought.

### 1.7.6 Interruption of Studies

Students who find it necessary to interrupt their studies (e.g. due to illness) may apply for an interruption of the period of registration.

The interruption of studies must be approved by the Teaching and Research Committee. The student needs to make a formal request to the Dean of Faculty/Director of Centre. If approved, the period for an interruption of studies will not be included as part of the study period.

A maximum of one year will be allowed towards interruption, irrespective of whether the student is registered on a full time or part time basis.

Period of interruption exceeding one year will be counted within the MPhil, MPhil/PhD and PhD study period.

### 1.8 Changes in the Mode of Study

During the period of study, a student may wish to transfer his/her registration from a full-time to a part-time mode of study or vice versa. The student needs to make a formal request to the Dean of Faculty/Director of Centre before approval is sought from the Faculty Board/CILL Board and the Teaching and Research Committee.

The following formulae apply for the shift from full-time to part-time or vice versa:

<table>
<thead>
<tr>
