

## Bachelor of Laws-LLB (Hons) Yearly (F/T) – LM310

### 1. Objectives

The undergraduate LLB programme offers an excellent opportunity to gain a legal education with courses taught in both English and French. It intends to give a thorough grounding in the principles of law viewed from an academic rather than vocational perspective, with an emphasis on legal techniques and reasoning. It leads to a bilingual law degree designed to provide excellent foundational legal knowledge to students. Most undergraduates read law with the intention of practising but the programme also provides an excellent education to those who wish to join other professions where an extensive legal background is necessary.

### 2. General Entry Requirements

As per General Entry Requirements for admission to the University for Undergraduate Degrees.

### 3. Programme Requirement

Credit in French at 'O' Level or equivalent.

### 4. Programme Duration

	Normal (Years)	Maximum (Years)

**\*Either dissertation or 2 additional elective modules to be completed.**

The University reserves the right not to offer a given elective module if the critical number of students is not attained and/or for reasons of resource constraints.

### 7. Assessment

**Each module will carry 100 marks and will be assessed as follows (unless otherwise specified):**

Assessment will be based on a written examination of 2-hour (for a semester module) or 3-hour (for a yearly module) duration as specified and continuous assessment carrying a range of 20% to 30% of total

marks. Continuous assessment will be based on two (2) assignments and should include at least one class test per module per year.

For a student to pass a module, an overall total of 40% for combined continuous assessment and written examination components would be required without minimum thresholds within the individual continuous assessment and written examination.

Most modules in the structure are **yearly modules** which are taught over a period of two semesters and examined at the end of the second semester only. There are continuous assessments over the period of two semesters and the written examination will be of a duration of 3 hours for a yearly module of 6 credits.

Some modules in the structure are run over 15 weeks and carry 3 credits. The assessment of such modules will consist of continuous assessment and an examination of a duration of 2 hrs at the end of the semester in which the module is run.

**Dissertation is optional. If dissertation is completed, it will carry 6 credits.**
