**PROFESSIONAL
DEVELOPMENT
PROGRAMME (PDP) IN
PROJECT
MANAGEMENT**
– LC016 [6 UoM Credits]

This 4-8 Weeks PDP in Project Management aims to equip participants with the skills to effectively manage projects from inception to completion. Participants will gain a comprehensive understanding of project management frameworks, develop expertise in planning, scheduling and budgeting and learn to mitigate risks. The PDP is expected to enhance the leadership and communication skills of participants for better team and stakeholder management and would provide hands-on experience with essential project management tools to ensure quality and drive continuous improvement in project management practices.

Duration:

4-8 weeks

Outline Syllabus

- Learning Block 1: Foundations of Project Management
- Learning Block 2: Project Initiation: Starting a Successful Project
- Learning Block 3: Project Planning: Putting It All Together
- Learning Block 4: Project Execution: Running the Project
- Learning Block 5: Agile Project Management

Teaching & Learning Methods

The PDP will be offered fully online. Students will have access to the content through a **UoM Platform**.

Proposed Starting Date

22 July 2024

Target audience:

Project managers, Team Leaders, Middle Managers and Manager in the following fields: Product, IT, Marketing, HR, Finance, R&D, Supply Chain, among others.
