NEW MASTER DEGREE COURSE

University of Mauritius

MSc Artificial Intelligence
co-funded by the **HRDC**

FULLY FUNDED PROGRAMME

2 YEARS PART TIME

WHY APPLY FOR THIS COURSE?

▶ New course by University of Mauritius in partnership with HRDC and in consultation with the Industry

▶ This Masters course was initiated based on the HRDC Skills Studies report and input from the Industry

▶ Carefully designed to allow graduates to develop core data analysis skills

▶ Be among the leading professionals in AI (Machine Learning; AI applications; Data Analytics) in the region

▶ Programme taught by both local and international experts

▶ Final Year projects in collaboration with Industry

Starting in: October 2020

REQUIREMENTS

▶ An undergraduate degree in Computing or related areas with at least one year of relevant working experience in the field of IT

▶ Other STEM graduates may be considered provided they have at least one year of relevant working experience in the field of IT.

▶ The employees are expected to be working in AI related jobs or are potential AI entrants, who will apply the knowledge and skills they have acquired in this programme.

▶ Applicants should be currently employed at an enterprise that contributes to the HRDC training levy.
