

Pro-Design Engineering Consultants Ltd is hiring a Green Building Coordinator!

Prodesign is a consulting engineering firm that has consistently embraced new technology and is well-versed in the benefits of green buildings. Over the last 26 years, the company has worked with both public and private sector clients, and is now recognised as the top local provider of Mechanical, Electrical and Public health (MEP) engineering as well as green building design.

Situated at First Floor Building No. 2 Valentina Industrial Estate, Phoenix

Duties are as follows:

- Work on a variety of projects which require strategies to be developed and regulatory permits to be obtained in relation to environmental protection and enhancement.
- Gathering of information, preparing, reviewing and updating of reports.
- Provide technical support with respect to environmental remediation projects and liaise with the relevant authority for permit clearance.
- Carry out site inspections, attend site meetings and communicating with clients to establish their needs as and when required.
- To ensure that contractor is executing the works in accordance with the requirements of the relevant environmental regulations and policies.
- Ensure that time schedules and deadlines for the production of documentation are met.
- Expected to develop analysis and software skills, as applicable, to ensure that full use is made of the relevant software available

We are currently looking for degree holders in environmental engineering or a related field, such as chemical, mechanical or sustainable building engineering.

Duration: Full time

Experience: (Optional) Fresh Graduates

Remuneration: > Rs 20 000

Working Days/ Time: Monday to Friday- 8:30 to 4:45pm
