

Opportunity to join our vibrant airport community as Trainee Civil Engineer

Airport Terminal Operations Limited (ATOL) is a private Mauritian company which has been created in 2008 to operate and maintain the Passenger Terminal and Landside at Sir Seewoosagur Ramgoolam International Airport (SSRIA).

SSRIA has been awarded a number of prestigious international awards in its category including “Best Airport in Africa” by Airports Council International (ACI) and Skytrax for several consecutive years.

We are currently looking for a passionate and dynamic Trainee Civil Engineer to be part of a collaborative, diverse, inclusive and vibrant work environment. This position is a springboard for preparing a career in the field of Civil Engineering.
