

NORTHFIELDS

VIRTUS ET HONOR

IT Support Officer

Northfields is seeking to hire an IT Support Officer to work in the IT Services department.

- ✓ The IT Support Officer will act as the primary point of contact for IT support to student, parents, and staff members, monitor and maintain the computer systems and networks of the organisation.
- ✓ The IT Support Officer will be installing and configuring computer systems, diagnosing hardware faults and solve technical and applications problems, either over the phone or in person.

The potential candidate will report to the IT Services Manager.

Main Duties and Responsibilities

- To diagnose and resolve software and hardware incidents, including operating systems (Windows, Mac and Android) and across a range of software applications.
- To assist all our users with any IT related incident or request when required and maintain the ticketing system.
- To take ownership of issues by carrying out problem analysis to implement temporary or permanent fixes with the aim of restoring service to the user as soon as possible.
- To accurately record and update documentation.
- To install and configure new IT equipment.
- To create, maintain and publish relevant support documentation in order to assist all staff, students and parents in the quick resolution of their incidents or requests.
- To perform regular server checks.
- Set up new user accounts and profiles and resolve password issues.
- Troubleshoot system and network problems.
- Maintain daily backups.
- Set up projectors / laptop / sound system when required for meetings / events.
- Install, configure and maintain mobile devices.
- Deputise for the Network & System Administrator, when required.
- To undertake additional tasks as reasonably required by the Network & System Administrator.
- Maintain excellent verbal communication skills with the ability to communicate effectively with technical and non-technical users.
- To be a highly motivated team player with the skills and ability to manage changing priorities.
- To maintain IT equipment inventory and conduct internal audits.
- To provide end user training where required.
- To assist the Database Administrator when required.
- To be able to work odd hours and during weekends / public holidays if required.

OTHER DUTIES:

You may be expected to carry out duties other than those given in the job description where the level of responsibility is similar and you have appropriate qualifications or receive appropriate training to carry out these duties.
