

## Axis Engineers Ltd is hiring a Trainee in Electrical/Mechanical/Mechatronics Engineering.

Axis Engineers is based in Mauritius while operating at national & international levels. With almost two decades of hands-on experience in the field of Mechanical, Electrical, Plumbing and Fire Engineering services, we have gained good reputation both locally and from our foreign clients for achieving superior quality in our works, thus yielding good results while at the same time witnessing an exponential growth of repeat customers. We have engaged in projects ranging from private residences to high rise buildings, from government & para-statal projects of national level importance and also private entities, in all sectors of economic activities. With the emerging trend in going green and sustainable development, Axis Engineers is also engaged in green buildings and green/renewable energy design solutions.

We specialized in the design, supervision and technical audits of Building Services in compliance to local Utilities regulations and committed to superior quality and results. We have 18+ years' experience in Building Services.

Situated at 4F, 4th Floor, Editions Le Printemps Building, Vacoas
