

LAXMANBHAI & CO. (MAURITIUS) LTD is hiring an Air conditioning Technician.

LAXMANBHAI & CO. (MAURITIUS) LIMITED is a premier construction and civil engineering company in Mauritius, with over 50 years of trusted industry expertise. Ranked among the country's top contractors, we deliver iconic infrastructure and building projects that shape national development. Our success is driven by innovation, precision, safety, and uncompromising quality standards.

Situated at Le Hochet, Terre Rouge, Port Louis.

Duties are as follows:

- Install, inspect, maintain, and repair air conditioning systems and refrigeration units.
- Diagnose electrical and mechanical faults in HVAC systems and carry out necessary repairs.
- Perform routine preventive maintenance to ensure efficient system performance.
- Test system performance using appropriate tools and equipment (pressure gauges, leak detectors, multimeters, etc.).
- Read and interpret technical drawings, wiring diagrams, and specifications.
- Install refrigerant lines, ductwork, insulation, and related components.
- Recharge refrigerant levels and ensure compliance with environmental and safety standards.
- Replace faulty components such as compressors, motors, fans, and thermostats.
- Ensure all installations and repairs comply with safety regulations and industry standards.
- Respond to service calls and provide on-site troubleshooting and technical support.
- Maintain service records, reports, and maintenance logs.
- Liaise with clients and supervisors regarding system status and required repairs.
- Ensure proper handling and storage of tools, equipment, and refrigerants.
- Perform any additional tasks assigned by the supervisor or project manager.

We are currently looking for a degree holder in Electrical and Mechanical Engineering.
