

LAXMANBHAI & CO. (MAURITIUS) LTD is hiring a MEP Engineer.

LAXMANBHAI & CO. (MAURITIUS) LIMITED is a premier construction and civil engineering company in Mauritius, with over 50 years of trusted industry expertise. Ranked among the country's top contractors, we deliver iconic infrastructure and building projects that shape national development. Our success is driven by innovation, precision, safety, and uncompromising quality standards.

Situated at Le Hochet, Terre Rouge, Port Louis.

Duties are as follows:

- Installing, maintaining, and repairing electrical control, wiring, and lighting systems.
- Execution and planning of MEP facilities (Mechanical, electrical & Public Health).
- Preparation & Submission of site documents.
- Achieving the planning schedules by teamwork, proper planning, and management skills.
- Co-ordination with Contractors, Subcontractors and Consultants.
- Ensure execution as per consultant's drawings, specification and BOQ items.
- Maintaining quality control and quality assurance procedures.
- Design calculations for Mechanical & electrical systems.
- Preparation of documents: MAR, RFI, Procurement schedule, and all other related documents.
- Preparation of subcontractor's bills as per approved works instruction.
- Monthly reconciliation of quantities.
- Ensure site execution and good reporting on a regular basis.
- Attend site meetings.
- Performing any ancillary works as directed by your Supervisor.
