---

**Position:** Electrical Engineer

### **About Us:**

KYA Engineers Ltd is a reputable engineering firm specialising in delivering high-quality mechanical and electrical engineering services. We are committed to innovation and excellence in all our projects, ensuring the best outcomes for our clients.

### **Job Description:**

We are seeking a skilled and motivated Electrical Engineer to join our team. The ideal candidate will have a strong background in electrical systems design and implementation. You will work closely with our engineering team to develop and execute projects that meet client specifications and industry standards.

### **Responsibilities:**

- Collaborate with other engineers and project managers to ensure seamless project execution.
- Conduct analysis and simulations to optimise designs.
- Prepare technical reports and documentation.
- Ensure compliance with industry standards and safety regulations.

### **Requirements:**

- Bachelor's degree in Electrical Engineering or related field.
- Proficiency in CAD software and electrical simulation tools.
- Strong problem-solving skills and attention to detail.
- Excellent communication and teamwork abilities.

### **Benefits:**

- Competitive salary and benefits package.
- Opportunities for professional growth and development.
- Work on diverse and challenging projects.
