

The Faculty of ICDT of the University of Mauritius in collaboration with the Human Resource Development Council (HRDC) is embarking on a project to develop a vacancy analysing tool that could capture real time vacancies published online. The tool is expected to offer insights into skills required by enterprises, identifying patterns, enhancing understanding of the job market, and grasping the latest trends.

In this context, applications are invited from suitably qualified candidates for the post of **Research Assistant (Full-Time)**, to work on the project entitled “**Analysis of online vacancies: an automated prototype**”, for a contractual period of five (5) months.

Minimum Qualifications Required:

- Degree in Computer Science or equivalent

Profile of Candidates:

Candidates must have:

- Excellent programming skills in Web Technologies: CSS, Javascript, PHP and MySQL.
- Experience in JavaScript frameworks.

Responsibilities & Duties

- To extract, structure and store relevant information from job portals.
- To implement the front-end and the back-end of an online vacancy analyser portal.
- To write progress reports to document all the work done in the project.

Remuneration

A monthly allowance of **Rs 25,525/-** plus compensation at approved rates and travelling expenses by bus.

Duration of Contract

Appointment will be offered for a contractual period of **five (5) months**. The proposed starting date will be **Monday, 28th March 2022**.

Mode of Application

Letter of application (hardcopy) together with a detailed *Curriculum Vitae* and photocopies of qualifications, birth certificate, marriage certificate (if applicable), testimonials and equivalence of qualifications (where applicable) should reach **the Dean of the Faculty of Information, Communication and Digital Technologies (Attention: Mr Aatish Chiniah as co-Principal Investigator)**, University of Mauritius, Réduit AND emailed to a.chiniah@uom.ac.mu, s.pudaruth@uom.ac.mu and deanfoicdt@uom.ac.mu by **Monday, 7th March 2022, at latest by 2pm**.

Both the envelope (for the hardcopy) and the email subject should be clearly marked “**Analysis of online vacancies: an automated prototype**”.

Incomplete applications or those received after the closing date will **not** be considered. The University reserves the right:

- to call for interview only the most appropriate and best qualified applicants,
- not to make any appointment as a result of this advertisement.

Dean, Faculty of Information, Communication and Digital Technologies
